

Elvan Group's leading brand Elvan's foundations were first laid in a small candy store in Istanbul, Zeytinburnu in **1952**. Chocolate artisan Ahmet Hamdi Kadiroglu and his son Mustafa, who has been selling candy on trains since he was a little, opened a small store in Zeytinburnu and this store grew rapidly when their expertise in production was combined with their skills in sales: First it has become a production atelier, then it turned into a chain of factories. From chocolate to wafer, from candy to jelly and from cakes to croissants, from waffle to biscuit, and beverage Elvan Group carries out production of a wide range of products and markets these products to global markets while continuing its journey with determination to get one of the first rankings within the Candy Industry Global 100 list, which lists the world's leading confectionery companies. Elvan Group employs approximately 2500 people in factories located in Turkey and Egypt.

The group procures raw materials through the company entitled Element Gıda; pasta and milk powder production is carried out via the company entitled Cici Süt; and new technologies needed for production are developed through the company entitled Ahmet Hamdi Makine.
